G-SIM

Software Version 7.1.7

Release Notes

G-SIM 7.1.7

Software	Type	Short description	Detailed description
Bug Fix	OpCon	Exception PopUp in OpCon	An exception could occour when the operator clicks on "Camera list" with the Sites tab.
Bug Fix	Server	Alarms not getting deleted in long term test	Maybe only included in special releases!!! Alarms are not deleted if no additional db space is available.
Bug Fix	OpCon, Server	Backward synchronization of alarms in G-SIM cluster	Fixed issue with syncronization of Alarms in GSim Cluser environments
Bug Fix	Agent	GVCHealthAgent does not read the agent name from the config file	Using the G-SIM Agent Config tool could cause the GVCHealthAgent to not read out it's configuration successfull.
Bug Fix	ManCon	Unhandled exception when using the "Asssisted Setup wizard"	An exception could occour when using the Setup Wizard in a cluster environment.
Bug Fix	OpCon, Recon	OSD - EventData is not displayed everytime	Event data was not shown when the event was already running while the channel is connected, Eventdata will now be shown.
Bug Fix	OpCon	Camera card is not opened when dragging camera label from map to camera list	The camera list was not opened when a camera label was dragged to the camera tab.
Bug Fix	OpCon	OpCon - archive filter filtert with "or" function	The filter in the Archive Tab did not work proper which could lead into wrong results when filtering for cameras.
Bug Fix	OpCon	OpCon filter problem with User Group and Type of Event/Archived Status/Cut list status	The filter in the Audit Tab did not work accordingly if the filter was configured to search for a specific User group and an Audit action type.
Bug Fix	OpCon	OpCon tasks filtering criteria window is named "To User/Group"	The filter criteria in the Task filter was named incorrect.
Bug Fix	OpCon	Wrong user is displayed in Archive entry card when viewing MP4 exported file	Opening a MP4 file to authenticate it's origin caused the shown user to be "unknown", after authentication of the mp4 file the user was shown correct.
Bug Fix	OpCon	OpCon Export: Print Single Frame Export	The frame export may fail if PDF is selected as the target format.

G-SIM 7.1.7

Bug Fix	OpCon	If the cutlist contains at least one valid episode along with invalid, export to GBF does not fail and that causes not correct behaviour in Archive	When an GBF Export is done with a corrupted footage header the invadlig video sections were still tried to be replayed, this is now handled and invalid footage will not be replayed anymore.
Bug Fix	OpCon	Favourite layout cannot saved as default	The OpCon did not save the setting to show a favorite layout as default layout, the previous saved layout was saved
Bug Fix	OpCon	Link camera with primary map does not work	The OpCon did not always show the corresponding cameras main map if the camera is placed on multiple maps.
Bug Fix	ManCon	Cannot save new event in retrieve event settings until any record event checkbox is ticked	The event Subscription on the Event Recording did not always work accordingly when other settings where changed until the setup was saved.
Bug Fix	Health Agent	GSIMAgentConfig.exe does not config GVCHealthAgent Config	The G-SIM Agent Config Tool did not configure the Health Agent.
Bug Fix	OpCon	OpCon gets unresponsive for several minutes while switching contacts	Opcon could occasionally freeze if connected to GeViSoft.
Bug Fix	OpCon	Preview error in process data filters search	The preview of a customer defined processdata search dialog was not shown correctly.
Bug Fix	ManCon	Process Data Filter will not accept multiple events	When editing the pre-defined Processdata filter it was not possible to add multiple (max. 3) actions to the filter to search for.
Bug Fix	OpCon, ManCon	Map object additional states are not rotating	When creating map objects containing additional state's the images of the additional states where not rotated on the map when the map object is rotated.
Bug Fix	OpCon	Multiple selct not possible G-SIM Audit filter	On the Audit filter "Event type" the multi-select was not activated.
