

NSA - Firmware Release Notes

Updated Software Version

gbx20181012NSA (please refer to the upgrade instruction in zip-folder)

Reference Software Version

gbx20160923NSA

Applied model

G-Cam/ESD-3160 + G-Cam/ESD-327 0

Bug Fix:

1. Fixed the bug, that the password for IEEE802.1X authentication was displayed in clear text, when a special cgi command was sent to the camera.
