

# NSZ – Firmware Release Note

## **Updated Software Version**

gb20181016NSZ (please refer to the upgrade instructions in the zip-folder)

**Please pay attention to the fact that, if the new edgerecording function has to be used via ONVIF or E3 plugin, this fw should be installed on the cameras, AND for G-Core, the latest release version 3.2.1.483 is valid!**

## **Reference Software Version**

gb20180518NSZ

## **Applied model**

EHC-3180, EHC-3181, EHC-3285, EHC-3288

ESD-3170, ESD-3280, ESD-3401

EBC-3310, EWPC-3450, EWPC-3451, EFD-3410, EFD-3430

---

## **Bugfixes:**

- 1) Fixed the bug, that the password for IEEE802.1X authentication was displayed in clear text, when a special cgi command was sent to the camera.
